

Faridpur Engineering College

1st year 1st semester Examination (CSE)

Incourse-1, Chem-1104, Chemistry.

Time: 40 minutes

Marks: 20

1. Explain sp^2 hybridization for $CH_2=CH_2$ with diagram.
2. Classify the following acid or base on different acid base concept and justify your answer.
 NH_4^+ , CaO , NH_3 , $AlCl_3$.
3. What is buffer solution ? Explain the mechanism of acidic buffer solution.
4. Explain the covalent character of ionic bond.
5. Why NH_3 is trigonal pyramidal molecule.
